# About us...

Established in 1989, Abacus is one of the UK's leading manufacturers and distributors of quality bathroom and wetroom products.

## OUR PRODUCTS

Developed alongside some of the world's most prestigious bathroom brands, our comprehensive product range offers stunning contemporary designs, twinned with market-leading guarantees, which will suit all bathroom needs.

## OUR PHILOSOPHY

Our approach to completing a bathroom through both product and design innovations makes us one of the only companies to supply every product required in a bathroom from conception to completion.

# Enhance the life of your bathroom

Use Elements Backer Board for waterproofing & insulating prior to tiling

## The clever bit is what you don't see...

Building with Elements Board

Tile adhesion grip up to **62kg/m<sup>2</sup>**  
perfect solution to comply with  
**BS 5385-1 code** of practice

Comprehensive waterproofing and insulation system for any bathroom, wetroom or steamroom, delivering ultimate build quality 'behind the tiles' for total peace of mind. Elements Backer Board not only makes your bathroom last longer, thus protecting your investment, it also reduces mould – making it a much healthier option for any tiling project.

# Wetroom Shower Tray Systems

Wetroom Shower Tray Systems	13
Linear Uno	15
Infinity Drain Wetrooms	21
Linear 600 Drain Wetrooms	29
Linear 300 Drain Wetrooms	37
Square Drain Wetrooms	51

# The most comprehensive wetroom and waterproofing system available in the UK.

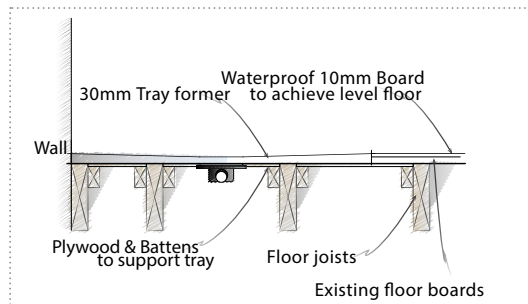

Wetrooms systems suitable for all UK installations both domestic and commercial.

## Plan your wetroom in three easy steps...

### 1. Choice of installation height

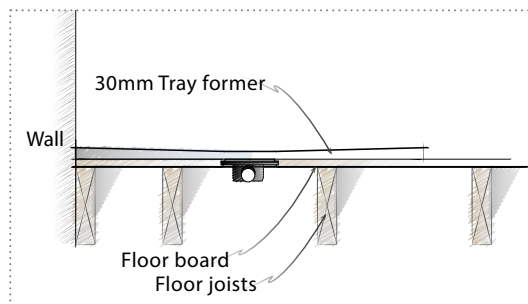

#### A. Level Access Installation

Designed for installations where the shower waste can be fitted between floor joists to give a completely flat wetroom floor.

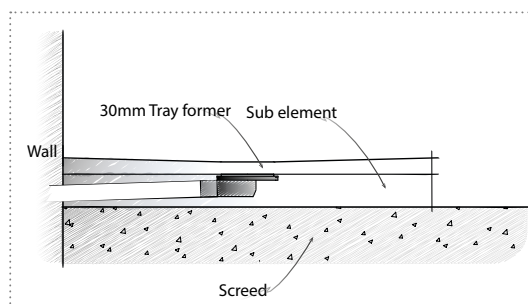

#### B. Low Level Installation

Suitable for installation above floor level with the shower waste installed within the floor joists. This gives a benefit of a defined shower area, similar to an acrylic or resin tray but with the added appeal of a tile finish.

#### C. Raised Installation

Ideal for when replacing a bath with a wetroom. Shower waste is installed above floor level. Perfect for use in screed floor scenarios or where floor joists are inaccessible.

## 2. Choice of drain option

### A. Linear Uno Drain

See pages 17-19

### B. Infinity Drain

See pages 23-27

### C. Linear 600 Drain

See pages 31-35

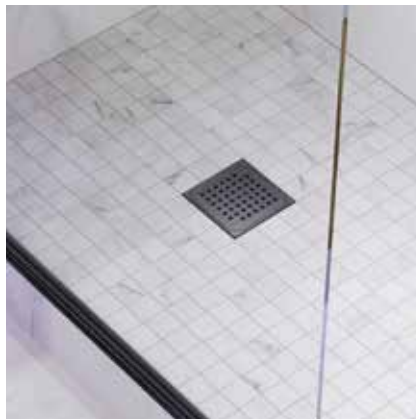

### D. Linear 300 Drain

See pages 39-49

### E. Square Drain

See pages 53-63

## 3. Choice of colour

Make a contemporary designer statement in your bathroom with matching coloured brassware and accessories throughout. Bold, confident and chic styling makes for an ultra-coordinated look for the modern bathroom.

Brushed Brass

Chrome

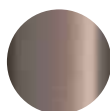

Matt Black

Matt Anthracite

Brushed Nickel

Brushed Bronze

Bespoke Shower Trays

66

Bespoke Sub Elements

80

**Visit our website [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk) and click on the bespoke tray section**

Design your bespoke wetroom tray to fit your exact requirement!

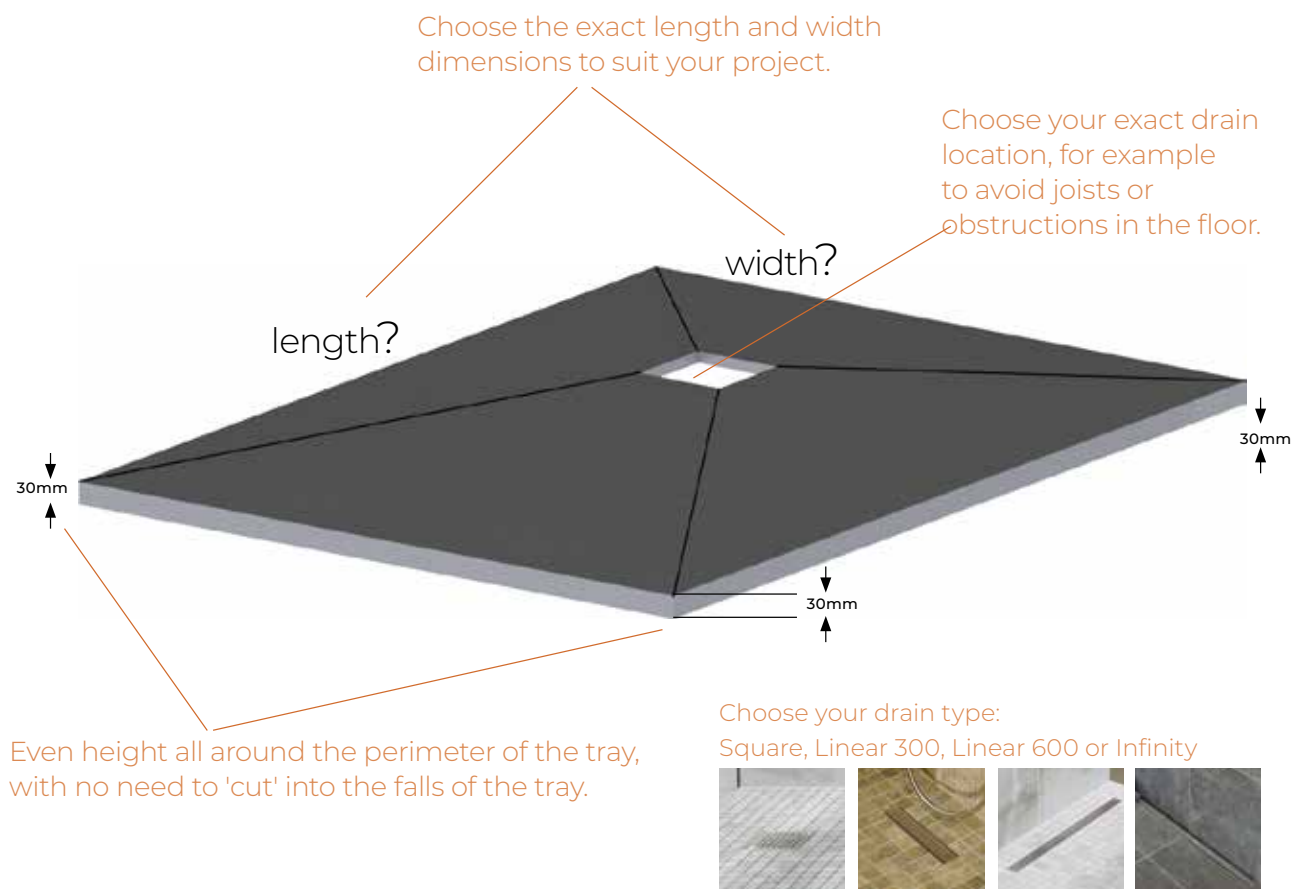

# Why Bespoke Shower Trays?

## ANY SIZE, ANY DRAIN POSITION\* – 10 DAY DELIVERY

(\*see following pages for details)

Although standard Elements shower trays can be cut up to a recommended distance of 80mm off either length or width, by doing this the depth of the perimeter of the tray will be altered, thereby affecting the fall (and drainage flow rate) of a standard shower tray.

That's why we recommend ordering a bespoke tray that is manufactured to your customised project dimensions, retaining the recommended fall and drainage flow for improved shower tray performance.

Fast, precise, automated manufacture and 10 day delivery.

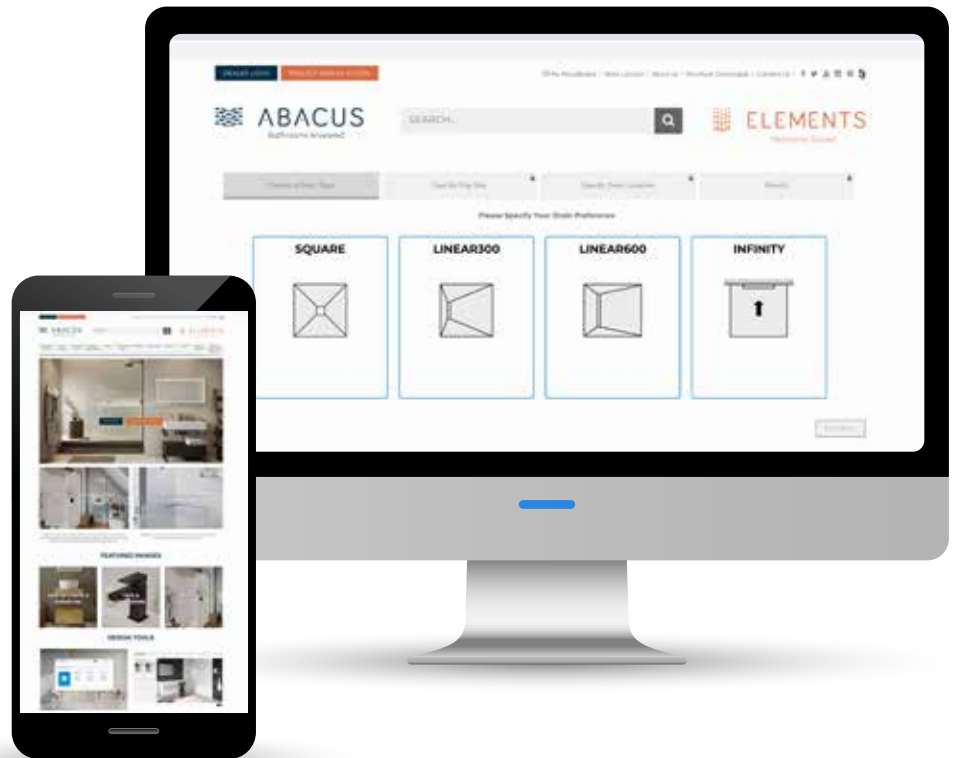

# How to order your Elements Bespoke Shower Tray

Complete the online order form on our website at  
**[www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk)**

## FOR SQUARE OR RECTANGULAR-SHAPED BESPOKE TRAYS:

Simply give us the dimensions of your desired bespoke tray, drain type and drain position (see next page for drain location advice) and we'll send you your personalised bespoke tray technical drawing for approval.

Once signed-off, we produce your bespoke tray to your approved dimensions and deliver within 10 working days.

## FOR CUSTOM-SHAPED BESPOKE TRAYS:

You simply can't beat the personal touch, so contact our sales office with a drawing and the dimensions of your custom-shaped bespoke tray. We'll input your design into our CAD system and produce your personalised bespoke tray technical drawing for approval.

Once signed-off, we produce your bespoke tray to your approved dimensions and deliver within 10 working days.

sales office: 0345 850 50 40

**FREE DELIVERY OF YOUR BESPOKE SHOWER TRAY...  
IN JUST 10 DAYS FROM PLACING YOUR ORDER!\***

\*from approved technical drawings

# SQUARE, LINEAR or INFINITY DRAIN OPTIONS

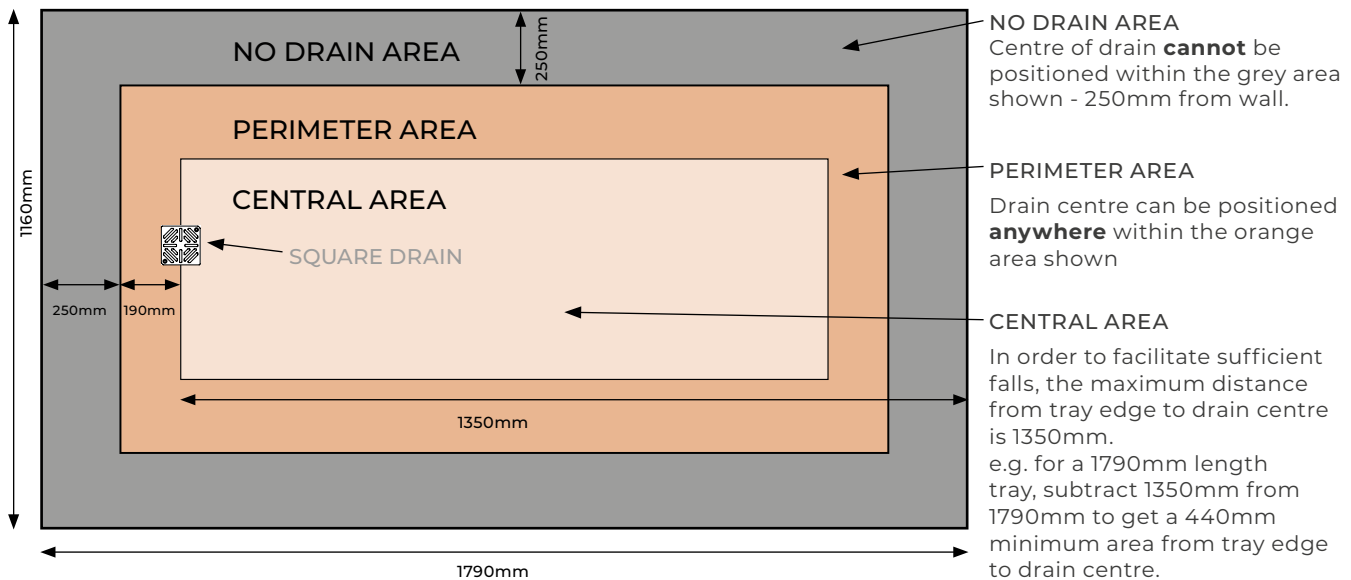

## DRAIN TYPE AND LOCATION:

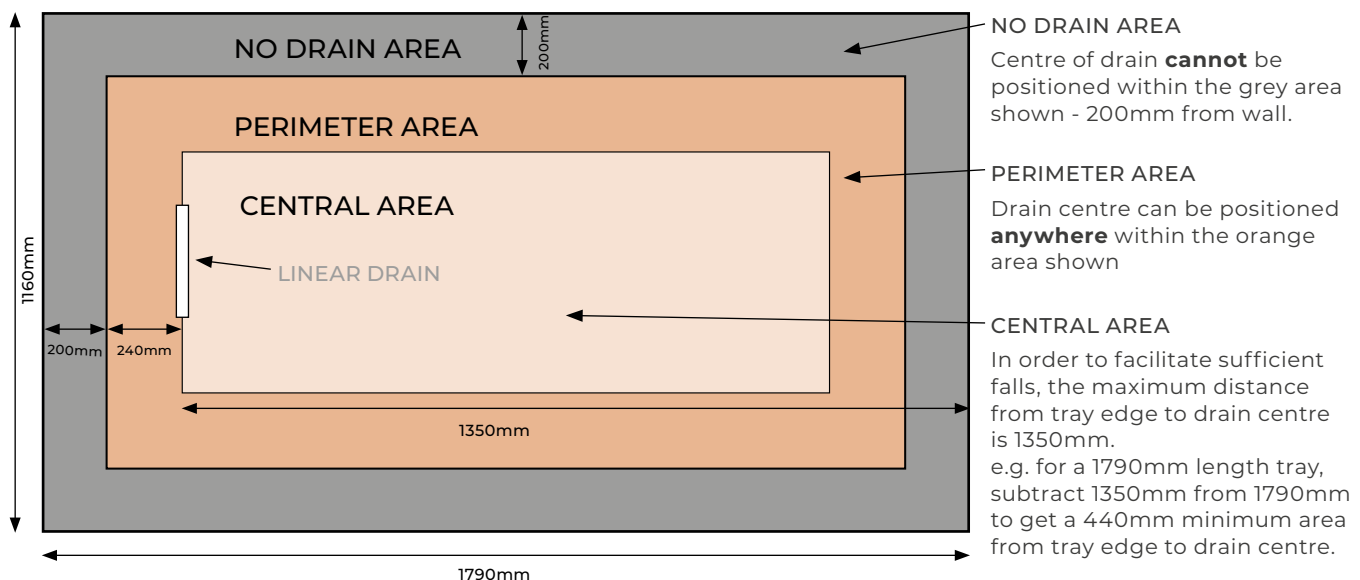

The choice is yours! Select the drain type you prefer, whether square, Linear 300, Linear 600, Linear Uno or Infinity and then decide on the location of the drain within the tray area. Check our handy guide below on drain placement:

### Bespoke waste positions for Square Drains

### Bespoke waste positions for Linear Drains

## BESPOKE LINEAR UNO SHOWER TRAYS - 30mm HEIGHT LEVEL ACCESS

### HOW TO ORDER:

1. Measure the length and width of the space you want the shower tray to fit. 

Example: 960mm long x 1150mm wide will be EMUT-94-1210 at £735 – see table below

2. Choose the drain position. Remember there is a 300mm 'safe' area from the tray edges.

3. Choose your drain colour and installation kit

### STEP 1 – Choose your tray size

		WIDTH OF SHOWER TRAY (mm)					
		up to 1000	1001 to 1200	1201 to 1400	1401 to 1600	1601 to 1800	1801 to 2000

### PLEASE NOTE:

For bespoke shower trays larger than 1400mm x 1400mm, or equivalent area, the following additional components from the installation kit are required to be purchased separately:

**FIX-KST BOARD FIXING ADHESIVE 20kg**  
(EMAS-05-0010) **£60.00**

**WATERPROOF TAPE - 10m ROLL**  
(EMTM-05-0010) **£51.00**

**PRO-SEAL TAPE SEALING COMPOUND 1.2L**  
(EMAS-10-0015) **£45.00**

# BESPOKE SHOWER TRAYS - 40mm HEIGHT

## LINEAR 600 DRAIN

## HOW TO ORDER:

1. Measure the length and width of the space you want the shower tray to fit.

Example: 960mm long x 1150mm wide will be EML6-94-1210 at £477 – see table below 

2. Choose the drain position, (see examples on p.69).

Remember there is a 200mm 'safe' area from the tray edges.

## BESPOKE SUB-ELEMENTS FOR 40mm HEIGHT SHOWER TRAYS

### LINEAR DRAIN

### Why do I need a sub-element?

By combining your Elements tray former with one of our corresponding sub elements this allows the shower waste to be fitted above floor level; perfect for use in screed floor scenarios or where floor joists are inaccessible.

The waste pipe route can easily be cut into the sub-element using a hand saw.

## Pre-Finished Glass Effect Storage Units

The award winning Lustrolite is an advanced multi-layer acrylic sheet that looks just like glass. It has 20 times the impact strength. The colour is permanently fused to the clear layer and cannot be separated by moisture. Its unique hard coated surface is highly resistant to typical shower and glass cleaners, and also offers a high scratch resistance.

**Note:** Units are made to order, subject to a 10 working day lead time.

### Colour range

47 Forest

10 Arctic

43 Blue Atoll

46 Rouge

41 Titan

45 Mocha

AVAILABLE  
WITH MINI LED  
SPOTLIGHT KIT

**IMPORTANT NOTE:** In order to generate the correct code for your storage unit, the **XX** code shown below needs to be replaced by the numbers of your choice as shown below:

**XX** denotes colour - eg. **10**=Arctic, **47**=Forest

Example: 350 x 350 x 100mm unit with LED light in Blue Atoll would be EDSU-43-3535

### 100mm depth - **without LED Light**

# Elements Building Boards

---

Tile Backer Boards 100

Tileable Bath Panels, Bath Steps & Accessories 108

# Building with Elements Building Boards

Comprehensive waterproofing and insulation system for any bathroom, wetroom or steamroom, delivering ultimate build quality 'behind the tiles' for total peace of mind. Elements Building Boards not only makes your bathroom last longer, thus protecting your investment, it also reduces mould – making it a much healthier option for any tiling project.

Kind to the environment

High compressive strength

Lightweight & easy to handle

Waterproof properties

Insulating properties

Easy to cut

Economical construction product

## Features & benefits

- More stable in moist environments than timber
- Can be used for cladding walls and floors
- Can be used both internally and externally
- Can be either mechanically fixed, glued with Abacus Elements adhesive or both
- Cuts easily with a hand saw to correct size, shape and around obstacles
- Good insulating product to help reduce condensation
- Offers higher adhesion to tiles than either timber or plasterboard
- Can be fixed onto almost any surface
- Has a high compressive strength of over 25 Tonnes per sq.m making it incredibly strong when tiled
- Can either be tiled or plastered
- A perfect product for the fast creation of tiled partition walls anywhere within the home
- Recommended for use with electric under tile heating systems

# Elements Building Boards

## 6mm – 100mm

### VERSATILE APPLICATIONS IN MULTIPLE THICKNESSES AND SIZES:

- 6mm board – to overboard a wall
- 10mm board – to overboard a floor instead of plywood
- 12mm board – an alternative to plasterboard
- 30mm board – to line a Steam Room (high levels of humidity)
- 80/100mm board – to form a stud wall

With a waterproof core and a special polymer cement coating, Elements Building Boards makes the perfect substrate for building in wet areas.

	Elements Boards	Plasterboard	Marine Ply
<b>INSULATING</b> (reduces condensation and energy required to heat the room)	✓	✗	✗
<b>TILE ADHESION</b> of up to 62kg per m <sup>2</sup>	✓	✗	✗
<b>ANTI-MOULD</b> properties (better for health)	✓	✗	✗
<b>LIGHTWEIGHT</b> (easy to cut & handle)	✓	✗	✗
<b>WATERPROOF</b> (impervious to moisture & will not deform in damp atmospheric conditions)	✓	✗	✗

Washstand

10mm Floor Boards

Ideal for electric  
under tile heating

Comprehensive waterproofing and insulation system for any bathroom, wetroom or steamroom, delivering ultimate build quality 'behind the tiles' for total peace of mind. Elements Building Boards not only makes your bathroom last longer, thus protecting your investment, it also reduces mould – making it a much healthier option for any tiling project.

# Professional Packs

uses waterproof tape  
& ProSeal adhesive for all  
joints and fixings

## Key benefits:

- perfect for waterproofing high level humidity areas such as everyday use wetrooms and bathrooms
- 100% waterproof joints and fixings
- reduced installation time and labour costs

## Pack contains:

- tile backer boards
- wetroom tanking membrane
- waterproof joint tape
- board fixings
- brush

We are able to produce almost any bespoke shelves and vanity units to your specific requirements. Simply supply us with your detailed specification and we will be pleased to quote you prices and delivery times.

### FEATURES & BENEFITS

- The fast and efficient way to box in pipes prior to tiling or rendering
- Can be either tiled or plastered
- Many shapes and sizes of pipe boxing available
- Greatly reduces installation time
- Gives a much better tiling surface than timber
- Reduces the need to plasterboard timber when applying render
- Waterproof and stable in a moist environment
- Can be used to create designs within a bathroom rather than just covering unsightly features

The easy and cost effective way to  
create tiled columns and rounded corners

Self Adhesive Underfloor Heating Mesh	144
Underfloor Heating Decoupling Membrane & Cable	146
Thermostats	148

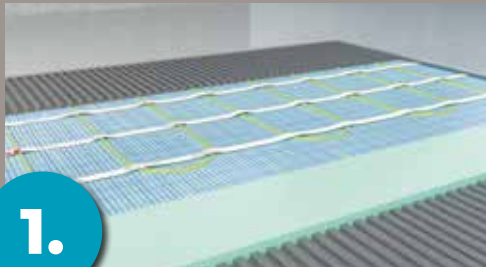

thermo  
Sphere

DESIGNED AND MADE  
IN GREAT BRITAIN

# Electric Under Floor Heating

Two options of electric underfloor heating systems to suit EVERY application!

## Self-Adhesive Mesh

- compatible with every floor finish
- suitable for use in wet rooms
- only 3.5mm thick, including the mesh
- unique Twisted Twin heating cable with full earth protection
- self-adhesive quick install mesh

## Membrane/Decoupling Mat

- suitable for concrete and plywood sub-floors, perfect for tiled floors
- unique layer combining decoupling, waterproofing and heating all in one
- IP68 rated and safe in bathrooms, showers and wetrooms
- only 5.5mm thick

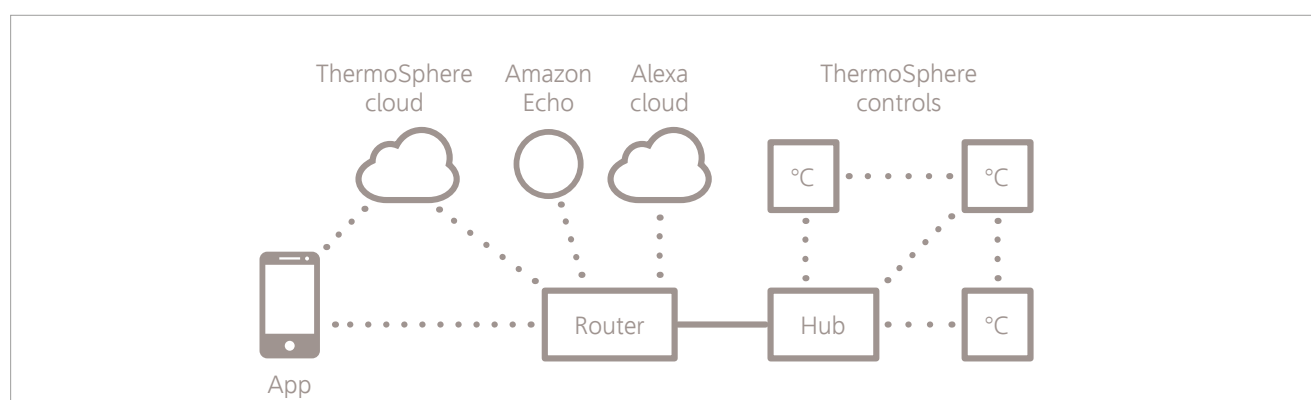

# No better way to be heat efficient

Smart home devices are becoming more present in UK homes with penetration reaching almost 25%.

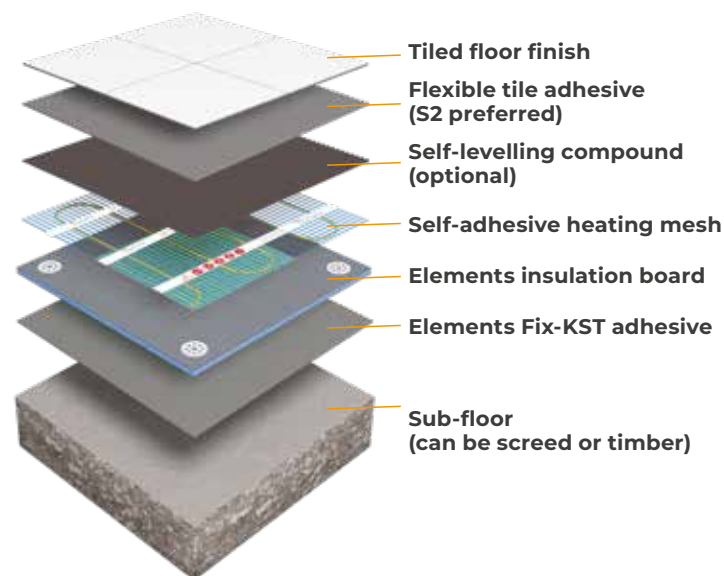

Perfected from years of innovation, the SmartHome thermostat combines sleek and simple design with the latest in technology to make controlling underfloor heating easy.

# Self-Adhesive Underfloor Heating Mesh

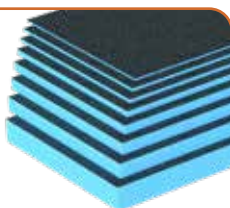

Stylish Control Options  
see pages 148-149

The very best electric underfloor heating mesh mat. The self-adhesive backing speeds up installation by holding the mesh to the substrate for easy self-levelling and tile fixing. It is the only underfloor heating system in the UK to feature unique TwistedTwin heating cable making Mesh the safest and most reliable choice.

- Compatible with every floor finish (including in wet rooms - with the appropriate accessories)
- Perfect for any type of project - from new build to refurbishment
- Thermosphere Self-Adhesive Underfloor Heating Mesh is only 3.5mm thick so there is little impact on floor build-ups
- Pre-spaced heating cables create an even and consistent heating output
- Installed wire-side-down which protects the heating cable from potential damage during installation
- Unique stress free TwistedTwin heating cable with full earth protection

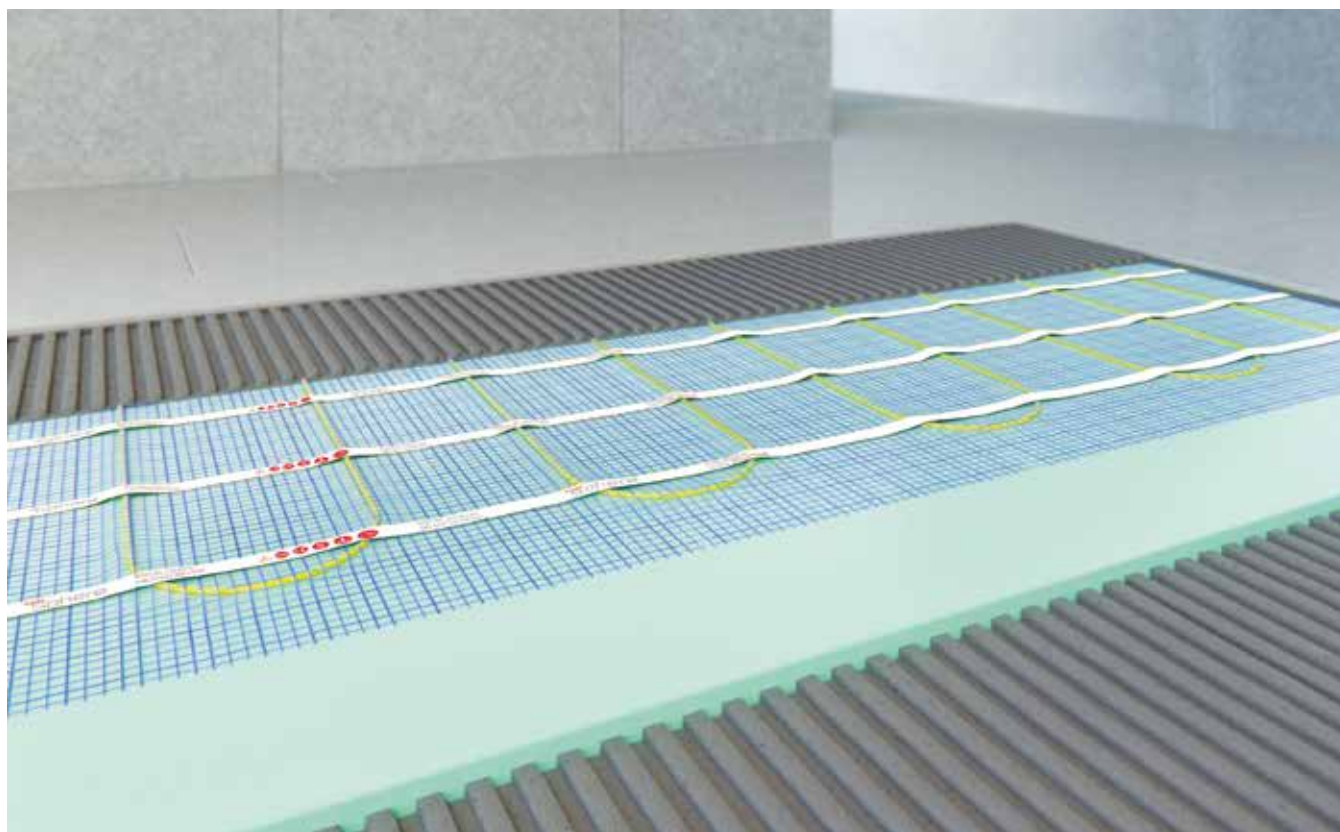

Recommended for use with  
Elements Building Boards;  
see pages 98-107

# Underfloor Heating Decoupling Membrane & Cable

Stylish Control Options  
see pages 148-149

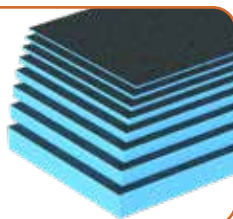

## Save 3mm in height build up...

A combined electric underfloor heating system, consisting of a decoupling membrane layer which encases an innovative electric heating cable. The unique TwistedTwin cable technology designed to reduce cable stress, creates a safer, easier to install and longer-lasting cable superior to anything else on the market, supported by a life-time guarantee.

- There is no curing time - just lay and stick
- Designed for non-absorbent wood and ceramic sub floors
- Only 5.5mm thick meaning minimal height build up
- Decoupling, waterproofing and load bearing properties create the ultimate tiled floor
- Unique, stress free TwistedTwin underfloor heating cable with full earth protection
- IP68 impervious to moisture and safe in bathrooms, showers and wetrooms
- Low profile LayFlat cold tail 4mm thick and 5m long

Recommended for use with  
Elements Building Boards;  
see pages 98-107

# Thermostats

thermo  
Sphere

## Underfloor Heating Programmable Controllers

### Features & Benefits:

- Flexible scheduling (7 day, 6 events)
- Automatic open window sensor
- Energy saving adaptive start
- Easy to use touch display
- Ambient & floor temperature sensing mode

DESCRIPTION	PRODUCT CODE	PRICE
Programmable control WHITE	UFH-SCP-W-01	<b>£189.00</b>
Programmable control BLACK	UFH-SCP-B-01	<b>£189.00</b>

## Smart Home Control

thermo  
Sphere

### Features & Benefits:

- Ambient and floor temperature sensing
- Window & door open/close detection
- 7 day programmable heating schedule
- works with Amazon Alexa and Google Assistant
- requires Smart Home Hub (below)

DESCRIPTION	PRODUCT CODE	PRICE
Smart Home Control WHITE	UFH-SHC-W-01	<b>£249.00</b>

## Smart Home Hub

### Features & Benefits:

- Connect up to 100 thermostats with our Smarthome Hub and control them all via your smart phone.
- The Smarthome Hub is essential for wireless connectivity

DESCRIPTION	PRODUCT CODE	PRICE
Smart Home Hub	UFH-SHH-01	<b>£147.00</b>

### Smart Home features & benefits:

Connect to an Amazon Echo and the ThermoSphere SmartHome hub to control your underfloor heating with your voice.

Control from your mobile with the ThermoSphere app or with the touch sensitive buttons. Connect to your network with the SmartHome Hub.

Built in ambient temperature sensor and external floor sensor for accurate temperature management

Design an economical heating schedule for your underfloor heating system that fits your lifestyle. Can be used without wireless connection.

Adjust the temperature manually to boost your underfloor heating until the next scheduled heating event

# Wetroom Glass

---

Fixed Wet Room Screens	156
Glass Screens with Return Pivot Panel	162
Bespoke Glass Screens	169

**Visit our website [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk) and click on the design tool section**

The Easiest way to order your Wetroom Glass!

Our easy to use step-by-step process allows you to configure your ultimate wetroom, by choosing from a range of glass widths, thicknesses, channel and support types. With over 1100 combinations of options, give it a try today at [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk)

# Fixed Wetroom Screen

THE MOST VERSATILE WETROOM GLASS SOLUTION IN THE UK – IN THREE EASY STEPS...

## STEP 1

### CHOOSE YOUR GLASS SIZE AND THICKNESS

Our toughened safety glass wetroom panels come in 12 different widths and both 8mm and 10mm thicknesses. They also have special Easi-Clean coating on one side.

**A. Choose Your Glass Thickness**

8mm Glass or 10mm Glass

**B. Choose Your Glass Width (12 sizes available)**

2000mm or 790mm or 1190mm etc.

## STEP 2

### CHOOSE THE TYPE AND FINISH OF YOUR GLASS CHANNEL PACK

We manufacture wetroom glass channels in both recessed and surface versions for the ultimate chic wetroom look. The channels are available in six stunning finishes.

If required add our unique threshold trim.

**A. Choose Your Glass Channel**

Surface Channel or Recessed Channel or Adjustable Channel

**B. Choose Your Designer Finish**

Chrome Matt Black Brushed Nickel Matt Anthracite Brushed Bronze Brushed Brass

## STEP 3

### CHOOSE YOUR REQUIRED METHOD OF GLASS SUPPORT FIXING

We offer three types of support in all our finishes:

1. Wall Support
2. Ceiling Support
3. In-line Wall Support (for up to 800mm width glass)

**A. Choose Your Method of Glass Support**

Wall Mounted Support fixing or Ceiling Mounted Support fixing or In-line Support fixing (corner)

**B. Choose Your Designer Finish**

Chrome Matt Black Brushed Nickel Matt Anthracite Brushed Bronze Brushed Brass

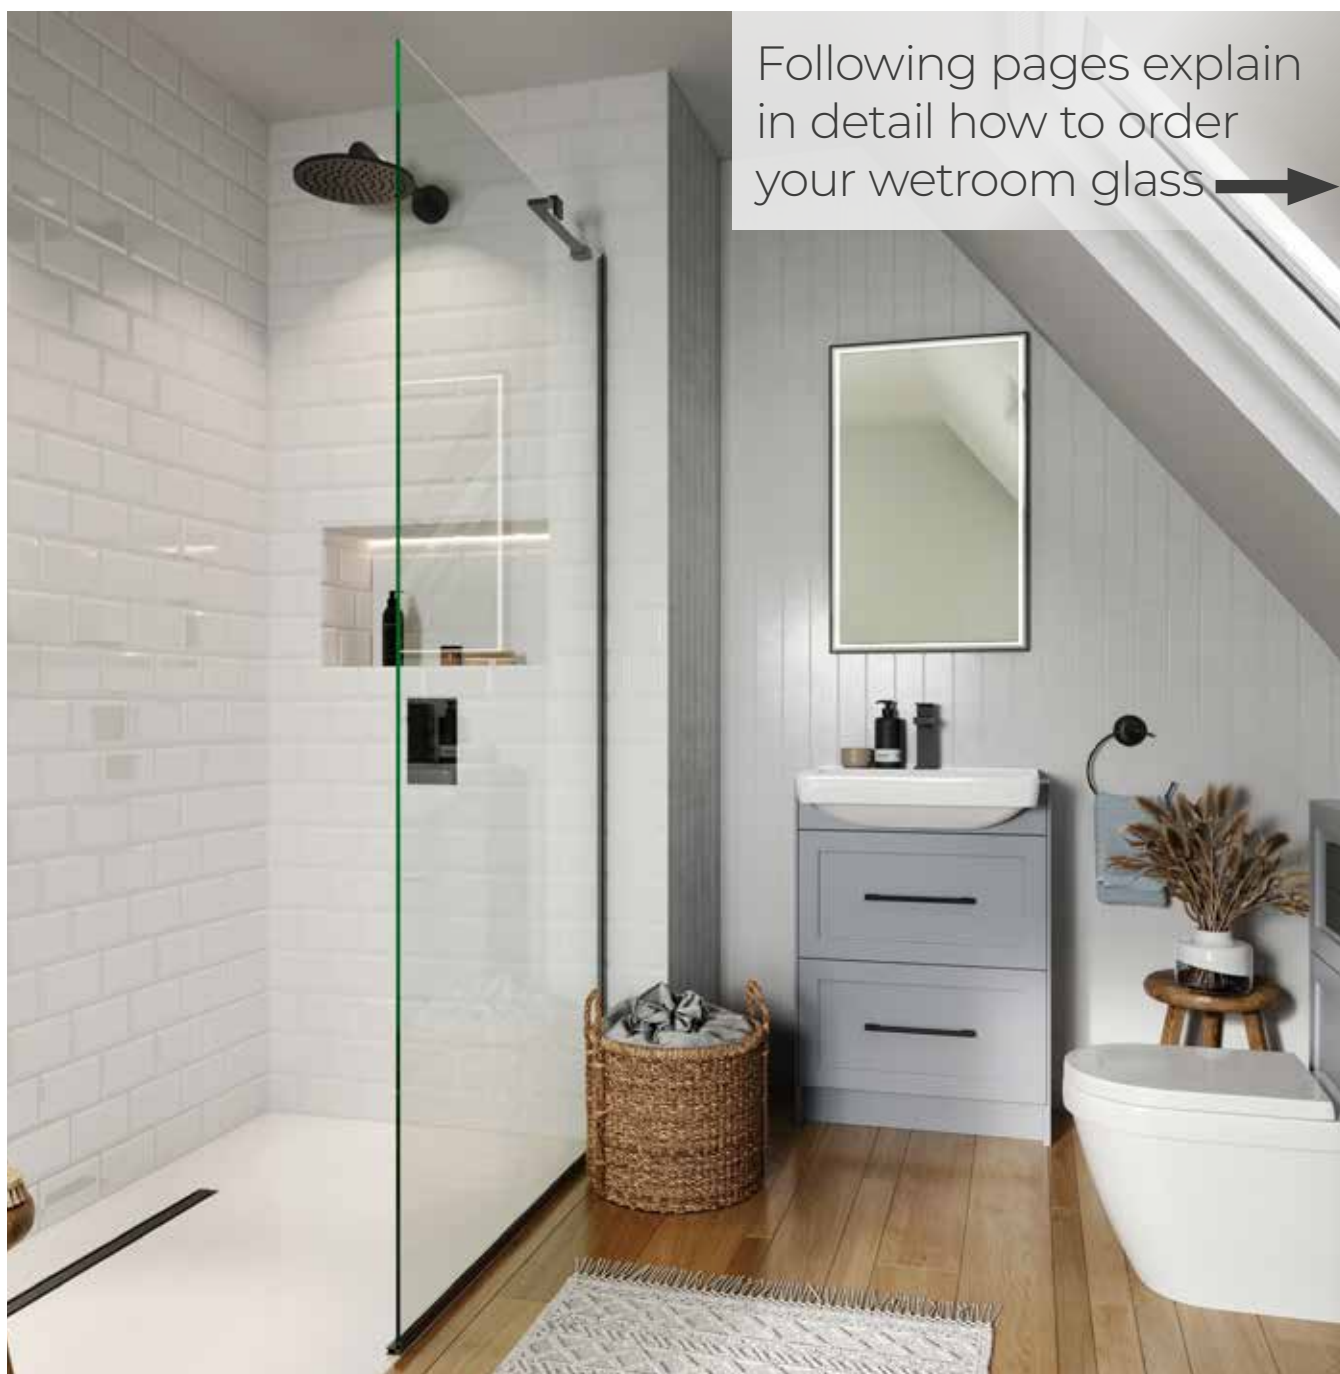

## Glass Coating Technology

All our glass panels have an Easi-Clean coating, keeping your shower looking fresher for longer:

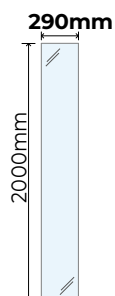

- Keeps glass looking like new
- Reduces water spots caused by limescale and mineral deposits
- Stays cleaner for longer
- Significantly reduces the growth of bacteria

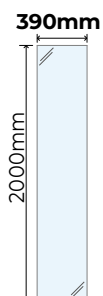

Following pages explain in detail how to order your wetroom glass →

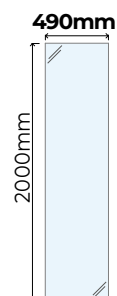

## STEP 1 - Choose your glass width and thickness **8mm** or **10mm**

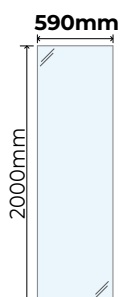

VEGX-00-0805 **8mm £120.00**  
VEGX-00-1005 **10mm £135.00**

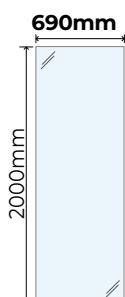

VEGX-00-0810 **8mm £153.00**  
VEGX-00-1010 **10mm £165.00**

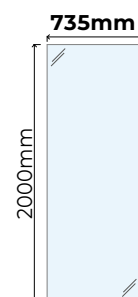

VEGX-00-0815 **8mm £183.00**  
VEGX-00-1015 **10mm £207.00**

VEGX-00-0820 **8mm £216.00**  
VEGX-00-1020 **10mm £243.00**

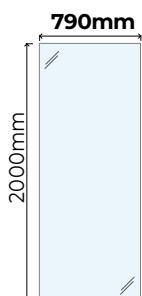

VEGX-00-0825 **8mm £249.00**  
VEGX-00-1025 **10mm £285.00**

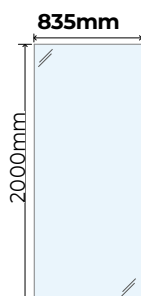

VEGX-00-0830 **8mm £264.00**  
VEGX-00-1030 **10mm £297.00**

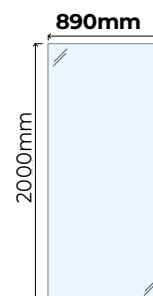

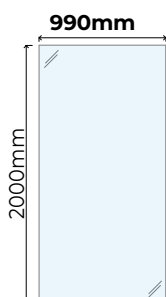

VEGX-00-0835 **8mm £273.00**  
VEGX-00-1035 **10mm £324.00**

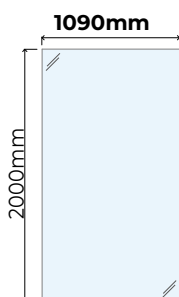

VEGX-00-0840 **8mm £303.00**  
VEGX-00-1040 **10mm £336.00**

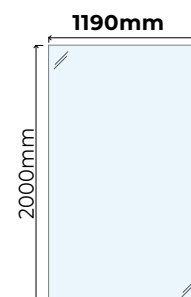

VEGX-00-0845 **8mm £357.00**  
VEGX-00-1045 **10mm £399.00**

VEGX-00-0850 **8mm £384.00**  
VEGX-00-1050 **10mm £426.00**

VEGX-00-0855 **8mm £459.00**  
VEGX-00-1055 **10mm £516.00**

VEGX-00-0860 **8mm £489.00**  
VEGX-00-1060 **10mm £546.00**

## STEP 2 - Choose the type and finish of your glass channel pack

Surface channel

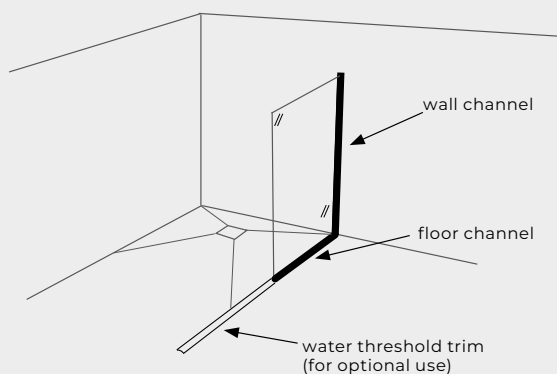

Recessed channel

Adjustable channel

### What does a channel pack include?

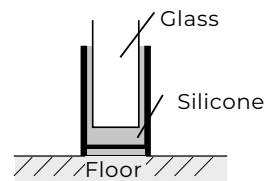

#### Pack includes:

- 1 x 1.2m selected channel
- 1 x 2.05m selected channel
- 1 x 1.2m threshold trim
- 2 x channel end caps (only surface channel)

**Note:** all channels and thresholds are supplied oversized to cut on site

**Note:** adjustable channel pack includes a wall channel only

## Surface Channel Packs

### 8mm Surface Channel Pack

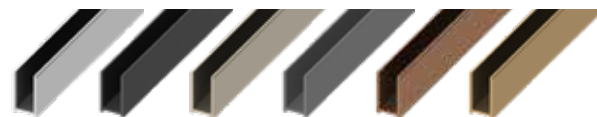

GSCP-02-0805	Chrome	£61.50
GSCP-20-0805	Matt Black	£61.50

# Visit your local bathroom retailer

Visit our website [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk) and go to the store locator tab. Find our retailers by inputting your postcode. To make things easy for you we have divided these into 3 categories:

You can be assured of a first-class user experience with a platinum retailer. Expect multiple Abacus display areas together with trained bathroom experts proficient in our product ranges.

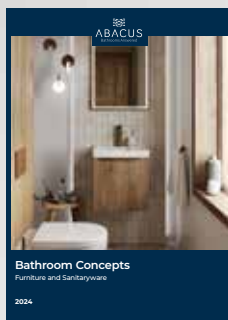

Our premium retailers offer an enhanced showroom experience with a varied range of Abacus display areas and trained bathroom experts.

These retailers have been installer trained in Elements Wetroom technology and have proven expertise. Get up close to the products with our 'Behind the tiles' display.

# More bathroom inspiration from Abacus

## Bathroom Concepts.

Developed alongside some of the world's most prestigious bathroom brands, our comprehensive product range offers stunning contemporary designs, twinned with market-leading guarantees, which will suit all bathroom needs.

Our approach to completing a bathroom through both product and design innovations makes us one of the only companies to supply every product required in a bathroom from conception to completion.

## Easi-Plan. Flushing & Support Systems.

Easi-plan is an ultra flexible range of concealed sanitaryware installation frames that allows the bathroom designer to design with flair and imagination with no need to compromise on installation quality.

- The hidden frames cover all aspects of sanitaryware and brassware installation including WC's, basins and bidets. They create a pre-wall fixing system that eliminates the need for unsightly pipe boxing and exposed pipes.
- Easi-plan has been designed specifically for the UK market and its innovative design and installation features make this the future of bathroom design.

## Waterproof Walls & Floors.

Stunning collection consists of our BRAND NEW Slatwall Panels and SPC Vinyl Flooring ranges which have been designed to deliver unparalleled performance and style; two product ranges that we believe will be firm favourites with all of your customers.

In addition to this, we have also revised our M1 Series PVC Shower Panels collection, which now includes 5 stunning new designs based on new market trends. Our M1 Panels are a clever alternative to tiling and a perfect solution for an economical wall covering.

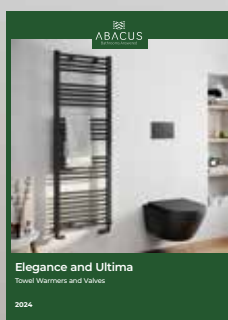

## Colour Your Bathroom.

Make a contemporary designer statement in your bathroom with matching coloured brassware and accessories throughout. Bold, confident and chic styling makes for an ultra-coordinated look for the modern bathroom.

Available in matt black, brushed bronze, brushed nickel and chrome.

Perfectly colour matched components across all of the Ki, Plan and Iso ranges, including accessories and wetroom components.

## Elegance Towel Warmers & Radiators.

An extended range of towel warmers and radiators which will enhance the appearance of any room. Available in various finishes including Matt White, Matt Black, Terra Matt and Anthracite.

Abacus Towel Warmers come in a variety of shapes and sizes offering something for everyone.

Find out more about Abacus Bathrooms products via  
[www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk)

## General

### Prices

The prices displayed throughout this catalogue supersede all other previous publicised price lists. All prices include VAT and are subject to change without prior notice.

### Delivery

For delivery charges, please refer to our website [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk)

## Care and maintenance

Abacus products are manufactured to exacting standards and following the care and cleaning guidelines below will ensure that your bathroom will give you years of effective use.

### Taps & Brassware

Taps and brassware products should be cleaned with a diluted mild detergent such as washing up liquid applied with a soft sponge or cloth, and then buffed dry with a microfibre cloth.

Avoid using acids, rough sponges or steel wool and do not leave detergent on the products for long periods of time.

### Towel Warmers

Both mild steel and stainless steel towel warmers should be cleaned only when cold with a moist soft or microfibre cloth. Any surface oxidation on the products should be removed using a metal polishing cream such as 'PEEK'. We also recommend that towel warmers are polished with a PEEK type product on an annual basis to give long-lasting surface protection.

### Glass

Our glass wetroom screens are protected by an easyclean nano-technology coating to make cleaning easier. We recommend that glass screens are cleaned with a diluted detergent and dried with a microfibre cloth. We recommend regular wiping of glass screens in order to remove excess water, which in some areas can be quite aggressive.

### General

NEVER use products containing bleach on bathroom products or any cleaners or cloths of an abrasive nature.

## Product Guarantee

Abacus products are covered by a comprehensive guarantee for peace of mind.

All Abacus guarantees are subject to online registration. To register your product and activate your guarantee please visit [www.abacus-bathrooms.co.uk](http://www.abacus-bathrooms.co.uk)

## Returns

Goods may be returned for credit only following written approval by Abacus -please refer to the Returns Policy on our website for further details.

Special-order or bespoke items are non-returnable.

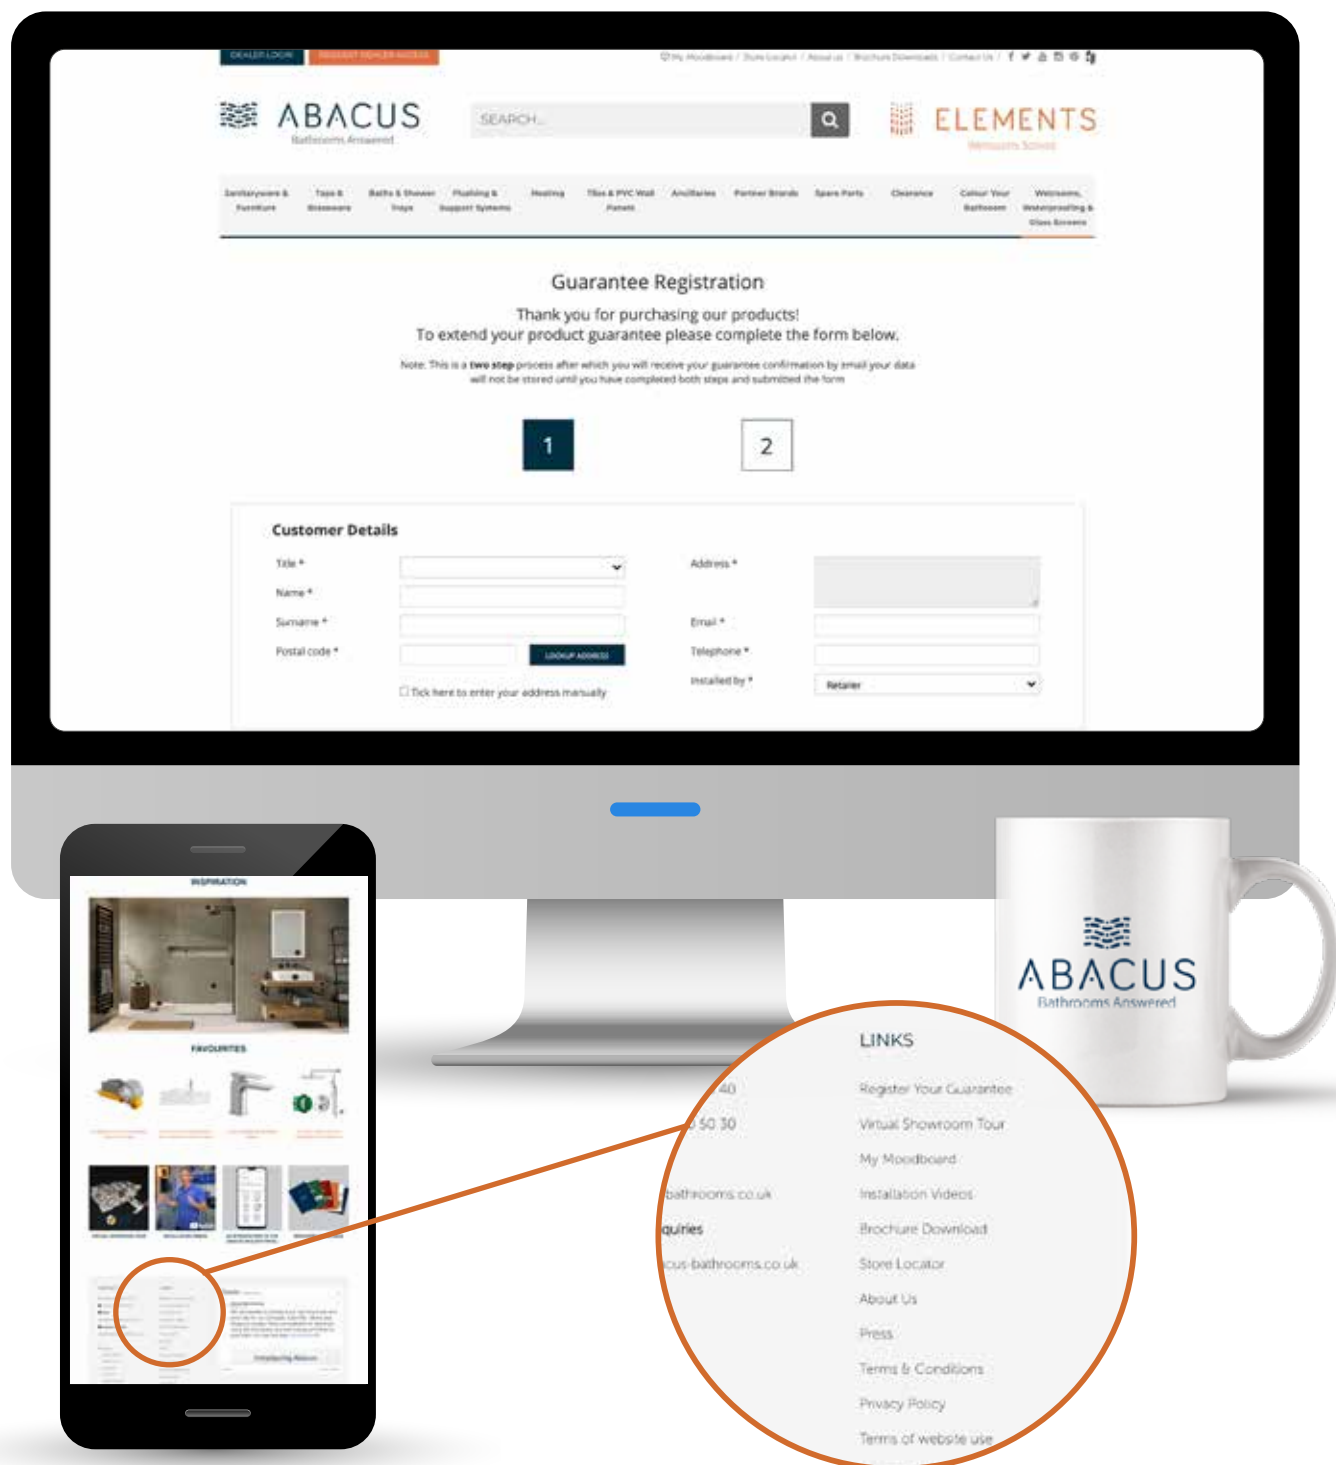

Order cancellation will be subject to a 25% re-stocking charge.

Abacus reserve the right to refuse credit on goods returned damaged or in a condition unfit for resale.

Also there may be an applicable charge for the re-boxing of a returned product.

Return requests must be initiated via our Dealer Portal or via email [salesupport@abacusmg.co.uk](mailto:salesupport@abacusmg.co.uk)

**Guarantee Registration**
